

Rider Skills

Intermediate 2

Horse Care

*"People will forget what you said, people will forget what you did, but people will never forget how you made them feel."
Maya Angelou*

In this level, we begin learning about several horse care topics at a deeper level, discussing equine perception, hoof, and dental care.

Training Journals Examples

Discussion Equine Perception, Differences in Brain and Behavior of Humans and Horses

*see QA below

Identify Parts of the Hoof and Discuss Common Problems

*see short course below

Explain Three Potential Problems Caused by Dental Problems

*see short course below
